

THE NEXT STEP

What have we seen today?

- The financial challenges of sustainable forest management companies
- Challenges are opportunities to contribute to sustainable management of forests
- Various mechanisms to transform these opportunities into actual investments

THE NEXT STEP

What is the next step?

- Initiate a working group for Sustainable Forestry Finance – approximately 8 representatives from the financial and forestry sectors
- Aim is to develop a structural mechanism for financing sustainable forestry
- Action-focused; public-private; international alignment; convening by IDH

THE NEXT STEP

What will we do?

- In-depth review of region-specific finance demands and opportunities
- Learning-by-doing through pilots in engagement with chain players and local finance institutions
- Up-scaling through a structural financing mechanism for sustainable forestry
- Yearly conference to share insights, lessons, and best practices
